

# For You And Me

People say there's a matching heart for everyone.  
Tell me truly did I find it inside you?  
Lonely dreams of two people with their hearts as one.  
Could this be love for me and you?

When we met I was gripped by insecurity,  
Not too sure what the future had in store.  
Now I know that the future will be you and me,  
And I don't worry any more.

But I don't know what it is that makes me feel this way.  
It's a chemistry that I cannot explain.  
And I don't know what it is that makes me want to stay,  
But I want to share my life with you, and I want to share my  
name

I can't describe how I feel when I'm apart from you.  
A kind of emptiness my feelings can't contain.  
All I know is that it simply breaks my heart in two,  
I only hope you feel the same.

There's a warmth that overcomes me when you touch my  
hand.

A feeling only love can bring.  
And I'd never ever leave you, don't you understand?  
That I give myself completely, yes, I'll give you everything

I know the love we share no-one can take away,  
No matter how they'd like to try.  
And I know our love is getting stronger every day,  
It's a mystery to me, but just the same I can't deny.

That I believe there's a matching heart for everyone,  
As each new day begins I know that you'll agree.  
What we are, we're two people with our hearts as one,  
This must be love for you and me.....

Yes this is love for you and me.
